Meerut, Uttar Pradesh

PROFESSIONAL SUMMARY:

- Civil Engineer with 4+ years of experience in airside infrastructure, pavement management, and airfield maintenance across major Indian airports including Delhi IGI, Ahmedabad, and Navi Mumbai International Airport. Experienced in runway/taxiway inspection, PCI analysis, DGCA compliance, SMS implementation, and maintenance planning. Seeking to contribute as a Senior Engineer – Airfield Civil with a leading airport operator.

CORE COMPTENCIES:

- Airfield Pavement Maintenance (Runway, Taxiway, Apron)
- Pavement Management System (PMS) & PCI – ASTM D5340
- DGCA & ICAO Compliance
- Airside Safety & SMS Implementation
- Root Cause Analysis (RCA) & CAPA
- Stormwater & Drainage Maintenance
- Vendor & Contractor Coordination
- Work Permit & Airside Safety Management
- AutoCAD | MS Excel | Technical Reporting

ACADEMIC BACKGROUND:

Qualification	Institution	University/Board	Passing Year
B.tech (CE)	IIMT engineering college	Abdul kalam technical university	2021
12th STD	Meerut public school	CBSE	2017
10th STD	Meerut public school	CBSE	2015

TRAININGS/COURSES:

- I have completed my industrial training from Madya ganga canal construction, Meerut
- I have successfully completed safety management system (SMS) training from Adani group.

EXTRA CURRICULAR ACTIVITIES:

- Participated in AutoCAD workshop held in DTU in 2018.
- Participated in Football event of Dr. Abdul Kalam Sports Fest-2018 at IIMT Engineering College, MEERUT.

COMPETITION:

- Participated in Innovation project at technovation 2019, IIMT UNIVERSITY, MEERUT.
- Participated in Jaipuria Quiz league 2019 organized by JAIPURIA INSTITUTE OF MANAGEMENT.

PROFESSIONAL WORK EXPIRENCE:

- I am Currently working in OCS Group(I) Private Ltd. as Civil Engineer under Adani Group at Navi Mumbai Airport.

Responsibilities :

- Acting as the primary point of contract for all civil-related airside maintenance activity & ensuring real-time coordination with apron control, ATC, Airside operation, and the helpdesk.
- Conducting routine and special inspections of runways, Taxiways, aprons, and associated areas to identify surface distress, FOD, Water stagnation and structural anomalies.
- Implementing Safety management system (SMS) protocols, conducting hazard identification, risk assessments, and ensuring proper PPE usage and barricading
- Supervising preventive, corrective and emergency maintenance of airfield pavement, shoulders, drainage system, blast pads, and other civil infrastructure to ensure aircraft operational safety regulatory compliance.
- Supporting rain preparedness and flood mitigation by inspecting and clearing stormwater drains, catch basins, and ensuring readiness of pumps and dewatering equipment.
- Conducting Root cause Analysis (RCA) and implementing Corrective and Preventive Action (CAPA) for recurring issues and infrastructure failures.
- Implement SOPs, EOPs, and BCPs during maintenance activity.
- Manpower and material consumption management.
- Airside Document, Inspection Checklist and DPR updating on regular basis for Record and Audit Purposes.

- I have worked in OCS Group(I) Private Ltd. as Civil Engineer from Dec 2024 to Dec 2025 under Adani Group at Ahmedabad Airport.

Responsibilities :

- Supervision of Runway, Taxiway and Apron Pavement maintenance activity.
- Daily According to schedule Inspection, Routine Inspection of Airside Assets
- Supervision of Runway, Taxiway and Apron Marking maintenance activity.
- Operation and safety complaint closure work.
- Manpower Roaster Management
- Supervising preventive, corrective and emergency maintenance of airfield pavement, shoulders, drainage system, blast pads, and other civil infrastructure to ensure aircraft operational safety regulatory compliance.
- Supporting rain preparedness and flood mitigation by inspecting and clearing stormwater drains, catch basins, and ensuring readiness of pumps and dewatering equipment.
- Conducting Root cause Analysis (RCA) and implementing Corrective and Preventive Action (CAPA) for recurring issues and infrastructure failures.
- Implement SOPs, EOPs, and BCPs during maintenance activity.
- Manpower and material consumption management.
- Airside Document, Inspection Checklist and DPR updating on regular basis for Record and Audit Purposes.

❖ I have worked in Arihant Infracon as PMS (Pavement Management System) Engineer from June 2022 to Nov 2024 under **GMR Infrastructure at IGI Airport**.

Responsibilities :

- PMS Survey (Pavement Maintenance System) and PCI Calculation with ASTM-D5340-12.
- Daily Inspection and Routine Inspection of Airside Assets.
- Runway, Taxiway and Apron Pavement Maintenance activity.
- Work Permit/Hot Work Permit.
- Manpower Roaster Management
- Site Supervision
- Design checking, execution, scheduling monitoring, safety, quality check, bill checking & payment.
- PMS Data, Inspection Checklist and DPR maintaining on regular basis for technical Audit Purposes/DGCA.

❖ I have worked as site engineer in **Seemax construction Pvt. Ltd**. from June 2021 to July 2022 in Strengthening of Ring road to Maheswari Apartment (Double lane 12km), Rohini, Delhi

Responsibilities :

- Supervised execution of GSB, WMM, BM & BC layers as per Design Drawing specifications.
- Ensured compliance with safety and quality standards.
- Maintained construction records, prepared DPR, measurement sheets reports, and monitored project costs.
- Collaborated with PWD officials and external teams for smooth execution
- Managed manpower, machinery, and maintained site safety and housekeeping.
- Assisted in drainage, shoulder, and road marking works for completion of project.

CONFERENCES AND WORKSHOP:

- Attended PRODUCT DESIGNING WITH AUTOCAD WORKSHOP conducted by Kyrion Technologies Pvt.ltd. at DTU.
- Attended Built Environment workshop on GREEN BUILDINGS & FUTURE TECHNOLOGY organized by RIICS School
  of Built Environment, Amity University.

PERSONAL DETAILS:

Fathers Name	:	Mr. Vikram Singh Negi
Address	:	85/6 Shastri Nagar
District	:	Meerut(UP)
Marital Status	:	Unmarried
Date of Birth	:	05.11.1999
E-mail Id	:	anuragsingh8771@gmail.com
